**Office of Court Administration, Texas Judicial Council**  
**Selected Fiscal and Policy Issues – Senate**

1. **One-time funding.** Recommendations remove one-time expenditures totaling \$11.0 million in General Revenue including:
  1. \$10.6 million in funding associated with the Uniform Case Management System. The agency includes \$1,198,365 of UCMS funding in its 5 percent reduction in the 2020-21 biennium;
  2. \$0.3 million related to a Parent Child Relationship Reporting System due to the enactment of SB 560, Eighty-sixth Legislative Session;
  3. \$70,000 related to the Texas Commission on Judicial Selection (TCJS) due to the enactment of HB 3040, Eighty-sixth Legislative Session. The agency included \$211,895 of TCJS funding in its 5 percent reduction in the 2020-21 biennium; and
  4. \$0.3 million in one-time lump sum annual leave payouts. (See also, Items Not Included in Recommendations - Senate #1)
2. **Restore Cuts to Critical Programs.** Recommendations do not include General Revenue funding of \$0.8 million to hire auditors for the Guardianship Abuse, Fraud, and Exploitation Deterrence Program (GAFEDP) and to resume traveling to Children's Courts for in-person hearings. Following the onset of the COVID 19 pandemic, the agency suspended hiring 8 GAFEDP auditors, representing 30 percent of the program staff, and began working remotely. In-person Children's Courts hearings were halted and the hearings began being held via Zoom. The GAFEDP FTE costs and Children's Court travel costs both contributed to the agency's 5 percent reduction for the 2020-21 biennium. If restored the agency reports the funds would be used to hire the full complement of guardianship auditors and resume traveling to those Children's Courts that return to in-person hearings. Recommendations also do not include \$0.1 million of the agency's 5 percent reduction to hire an additional court coordinator for the Child Protection Courts or \$0.3 million to restore lump-sum annual leave payout funding for retiring child support and child protection staff. (See also, Selected Fiscal and Policy Issues - Senate #9 and Items Not Included in Recommendations - Senate #1)
3. **COVID 19 impacted Critical Needs.** Recommendations do not include General Revenue funding of \$1.1 million for (a) 2.0 FTEs for technical assistance with remote hearings to replace FTEs currently reallocated from other duties for this purpose; (b) procuring and maintaining iPads virtual jurors in virtual trials so that potential jurors without internet access or a connected device may join a remote jury trial; (c) ongoing Zoom licenses needed to continue remote hearings; and (d) 1.0 FTE for interpretive services. The agency reports the remote hearing process has required 2.0 existing FTEs, including the Administrative Director's executive assistant and a staff member from the Research and Court Services program, to provide technical assistance and account management for the state's 3,000 judges. They also report that the demand for language interpreter services has increased 50.0 percent since the transition to remote hearings. (See also, Items Not Included in Recommendations - Senate #2)
4. **Domestic Violence and Community Safety.** Recommendations do not include \$0.2 million in General Revenue funding to continue funding a Domestic Violence Training Attorney to provide training and technical assistance on domestic violence and protective order issues to judges on domestic violence, sexual assault, stalking, and trafficking cases. The position has been intermittently funded as both a part-time and full-time position, and is currently funded is currently in its third year of funding from a grant from the Governor's Office. For the first two years, the grant was paid out of General Revenue-Dedicated Account 0421- Criminal Justice Planning. For the third year, the position is being funded with federal funds because revenue to GRD 0421 has declined. They expressed a preference for the legislature taking over the funding because their federal funds are apparently supposed to mainly be spent on local jurisdictions. The grant from the Governor's Office is due to expire on September 30, 2021. (See also, Items Not Included in Recommendations - Senate #3)
5. **Administrative Director Salary.** The salary cap for the Administrative Director exempt position was increased from \$171,216 to \$196,800 beginning on October 1, 2018. It was also increased again to \$197,415 effective January 1, 2020. Sec 8, Schedule of Exempt Positions, in the Special Provisions-Judiciary, authorizes the Chief Justice of the Supreme Court of Texas to set the salary for the Administrative Director of the Office of Court Administration in an amount within the salary group for the position. Written approval was provided to the Governor's Office, the Legislative Budget Board, and the Comptroller of Public Accounts, in alignment with the provision on September 17, 2018 and March 11, 2020.

The State Auditor's Office Report, Executive Compensation at State Agencies (Report 20-706, August 2020), indicates a market average salary of \$190,352 for the Administrative Director position at the Office of Court Administration, Texas Judicial Council. The report recommends changing the salary classification group from 5 to 6. Recommendations do not include the change to the salary group requested by the agency. The Supreme Court of Texas also requested this reclassification in the Administrator's Statement of its LAR. (See Also, Appendix C - Senate)

6. **Statewide Electronic Filing System No. 5157.** Recommendations provide \$49.7 million in General Revenue-Dedicated Statewide Electronic Filing System Account No. 5157 (GR-D Fund 5157) to fulfill Statewide Electronic Filing System vendor contract payments and maintenance costs for the Uniform Case Management System. This includes a reduction of \$10.8 million below 2020-21 spending levels due to anticipated reductions in revenue from Judicial Fees and Court Costs. Appropriations from GR-D Fund 5157 are estimated and do not count towards certification by the Comptroller of Public Accounts. This account was established to provide support for a statewide electronic filing system for the courts, to provide grants to counties to implement components of the system, and to support court technology projects that have a statewide impact as determined by the agency.

Recommendations do not include \$5.6 million in currently unidentified capital budget authority for statewide judicial technology projects.

7. **Texas Forensic Science Commission.** Recommendations provide \$1.4 million in All Funds which continues 2020-21 adjusted spending levels with \$1.1 million in General Revenue and \$0.3 million in GR Dedicated Texas Forensic Science Commission Account No. 5173 (GR-D Fund 5173) funding to administer the Texas Forensic Science Commission. Revenues deposited to the credit of GR-D Fund 5173 are comprised of fee collections from new and renewed forensic analyst certifications. The Comptroller's Biennial Revenue Estimate includes revenue collections totaling \$157,000 in 2021, \$45,000 in 2022, and \$157,000 in 2023. Recommendations appropriate all estimated revenues and continue the estimated appropriation authority for this account.
8. **Texas Indigent Defense Commission (TIDC) Funding.** Recommendations provide \$90.0 million in General Revenue-Dedicated Fair Defense Account No. 5073 (GR-D Fund 5073) funding, which continues 2020-21 adjusted spending levels, including continuing Innocence Project funding at 2020-21 levels totaling \$1.2 million through six state universities. Recommendations include revisions to Rider 18, indigent Defense With Mental Illness, to make both new and existing public defender offices and managed assigned counsel (MAC) systems eligible for grants to for providing specialized representation to indigent defendants with mental illness. MACs use private solo or small firm attorneys to provide public defender services. (See Also, Rider Highlights #18) Recommendations do not include estimated appropriation authority for GR-D Fund 5073 or \$4.5 million in Fair Defense funding to restore the agency's 5 percent reduction. (See Also, Items Not Included in Recommendations - Senate #1 for the Texas Indigent Defense Commission).

Appropriations from the GR-D Fund 5073 fund the operations of both TIDC and the Office of Capital and Forensic Writs (OCFW) in addition to the benefit costs for both agencies. The Comptroller's Biennial Revenue Estimate anticipates revenues and available balances will total \$109.2 million for the 2022-23 biennium. Recommendations provide \$3.5 million in GR-D Fund 5073 funds for OCFW for the 2022-23 biennium. Benefit costs for both agencies total \$1.4 million for the 2022-23 biennium. Revenues deposited to this account are primarily generated from 17.8857 percent of the total collections received through the Consolidated Court Cost that is paid by defendants convicted under certain sections of the Penal Code.

TIDC programs include Administration, which supports the Commission's staff and internal processes; Formula Grants, which provides grants to all Texas counties for indigent defense; Discretionary Grants, which provides competitive grants to counties for programs that improve indigent defense; Cost Containment Initiative, which provides grants to counties who implement cost containment programs; and Innocence Projects, which provides an equal appropriation each year to six law schools to fund innocence projects. The graph below shows how appropriations are allocated to each program within the Commission.

Revenue deposits to GR-D Fund 5073 have increased due to the enactment of Senate Bill 2053, Eighty-fifth Legislature, Regular Session, which increased the percentage of the consolidated court costs allocated to the fund from 8.0143 percent to 17.8448 percent. Court cost revenue to the fund declined 15.5 percent in fiscal year 2020 as a result of both the COVID-19 pandemic and a general decline in consolidated court cost revenue. The OCA estimates \$31.0 million in court cost revenue to be deposited in fiscal year 2022 and 2023, which anticipates a recovery from the COVID-19 decline and a continued decline in court cost revenue.

The costs to provide indigent defense services are met through a combination of state and local funding, with counties absorbing a majority of these costs. The chart below shows a breakdown of indigent defense expended and budgeted, amounts from fiscal years 2011 to 2021. The chart includes TIDC's 2022-23 recommended amounts. County amounts for 2022-23 will be available at the end of each fiscal year.

9. **Child Protection Courts and Child Support Courts.** Recommendations provide \$12.9 million in All Funds and 66.2 FTEs to fund 30 Child Protection Courts, a decrease of \$7,442 in All Funds from 2020-21 spending levels. The reduction is in anticipation of a grant from the Children's Commission not being available in 2022-23.

Recommendations provide \$17.7 million in All Funds for 43 Child Support Courts, an All Funds increase of \$240,614 over 2020-21 spending levels. The increase is in anticipation of an increase in IAC revenue from Visiting Judge reimbursements from the Office of the Attorney General.

The agency reports that the Children's Courts transitioned to fully remote hearings on March 16 as a result of the COVID pandemic and have done so with a small decrease in capacity.

Recommendations reflect a reduction of \$0.3 million in General Revenue for one-time lump sum annual leave payouts and also exclude \$0.1 million of the agency's 5 percent reduction to hire an additional court coordinator for the Child Protection Courts. The agency reports expending \$78,507 for this purpose so far in the 2020-21 biennium. The agency reports that 43 judges and court coordinators are eligible to retire in the 2020-21 biennium and another 14 will be by the end of the 2022-23 biennium. The revised rider is #5 in the agency's bill pattern.
11. **Children's Justice Grants to States.** Recommendations reflect a change in the grant administrator designated by the Governor's Office.
10. **Innocence Projects.** Recommendations revise this rider to make it subsection (d) of the revised Rider 7, Texas Indigent Defense Commission (TIDC).
15. **Guardianship Compliance Project.** Recommendations retitle this rider Guardianship Compliance and retain language identifying amounts appropriated for Guardianship Compliance. (See also, Selected Fiscal and Policy Issues - Senate #3)
17. **Statewide eFiling System Account Estimated Appropriation.** Recommendations remove references to the Uniform Case Management System and the protective order registry established by SB 325, 86<sup>th</sup> Legislature, Regular Session.
18. **Indigent Defense With Mental Illness.** Recommendations revise this rider to make it subsection (e) of the revised Rider 7, Texas Indigent Defense Commission (TIDC). Recommendations also revise the rider to make both new and existing public defender offices and managed assigned counsel (MAC) systems eligible for grants to for providing specialized representation to indigent defendants with mental illness. MACs use private solo or small firm attorneys to provide public defender services. (See also, Selected Fiscal and Policy Issues - Senate #9)

**Deleted Riders**

6. **Interagency Contract for Assigned Judges for Child Protection Courts.** Recommendations delete this rider. The agency no longer contracts with the Comptroller of Public Accounts for this purpose.
8. **Performance Reporting for the Collection Improvement Program.** Recommendations delete this rider. The Collection Improvement Program was eliminated by SB 891 during 86<sup>th</sup> Legislature.
13. **Lump Sum Annual Leave Payout.** Recommendations delete this rider. The funding was for one-time payments in the 2020-21 biennium. (See also, Selected Fiscal and Policy Issues - Senate #2 and Items Not Included in Recommendations - Senate #1)

14. **Additional Child Protection Courts.** Recommendations delete this rider. The nine new courts have been established within B.1.2, Child Protection Courts, and the rider is no longer needed.
21. **Uniform Case Management System.** Recommendations delete this rider. Procurement for the Uniform case Management System occurred during the 2020-21 biennium.
22. **Uniform Case Management System Funding.** Recommendations delete this rider. Procurement for the Uniform case Management System occurred during the 2020-21 biennium.
23. **Contingency for Senate Bill 325.** Recommendations delete this rider. The protective order registry has been established.
